4. List of bids set aside from the awarding procedure by the evaluation committee, including reasons

Bid Nr.	Business name	Seat / place of business	Date of submission of the bid	Time of submission of the bid
1.	VF, a.s.	Svitavská 588, 679 21 Černá Hora	20. 05. 2016	11:25

This Bid failed to meet the condition determined by the Contracting authority, especially the commercial condition - the maximum level for the Bid price is 3 500 000 CZK without VAT. The Contracting Authority required that this limit (maximum level for the Bid price) could not be exceeded by the Bidders. Bidder No. 1 - VF, a.s., IČO 255 32 219, Svitavská 588, 679 21 Černá Hora have submitted Bid with a Bid price in excess of the designated limit (3.850.000,- CZK without VAT). This bid has been therefore disqualified by the Committee for failing to meet the conditions of the Contracting Authority.

Pursuant to Sec 76(6) of the Act, a bidder whose bid has been disqualified during the assessment of the bids shall be excluded by the Contracting Authority from further participation in the awarding procedure.

6. The results of the evaluation of bids

The Committee has not evaluated Bid because a sole bid has been left for the evaluation.

The Committee stated that the most advantageous (winning) bid is **the Bidder No. 2 - NUVIA a.s., IČO 255 06 331, Modřínová 1094, 674 01 Třebíč**, and therefore recommended the Contracting authority to conclude the contract with this Bidder.

7. Eventual Extremely Low Bid Price Issues

The Evaluation Committee concluded that there are no grounds for doubt that the bid price of the Bidder No. 2 indicates an Extremely Low Bid Price.

8. The result of the awarding procedure

The Contracting Authority concluded contract with **the Bidder No. 2 - NUVIA a.s., IČO 255 06 331, Modřínová 1094, 674 01 Třebíč**, in accordance with Sec 82 of the Act on 21st June 2016.

9. Publishing of the Contract

The Contracting Authority has decided on not publishing Annex No. 1 to the Contract on the Development and Implementation of Software because it includes proprietary information. The monitoring system will be used for monitoring of quantities and parameters that have impact on safety and radiation protection in the ELI Beamlines research centre located in Dolní Břežany. Due to this fact the technical details should not be revealed to the public.
