Legend:

Notes:

The actual connection of the supply cable in the substation is carried out by DB2
If Contractor DB2 will be designing the primary, secondary air and 0.4kV transport air compressor to the 6kV level, an adjustment will be made to the new 6kV substation.
There will be an extension of the ASŘ substation to +11m and incorporation of the 6kV HV substation and the floors +6,25 and +11m will be swapped.
