

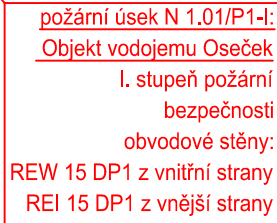

Diagram illustrating a 40-bit bus system. The bus is represented by four horizontal lines. The total width is 40 bits. The system includes three main components: 11620, 3060, and 2780. The 11620 component is connected to the bus via a 20-bit interface. The 3060 component is connected to the bus via a 20-bit interface. The 2780 component is connected to the bus via a 20-bit interface. The bus is divided into segments of 40, 140, 140, and 140 bits.
