

Architectural floor plan of a stage (hladiště) showing dimensions and structural elements. The plan includes a stage area with a depth of 10,500 and a width of 7,300. The stage floor is at a height of $\pm 0,0\text{m}$. The stage is surrounded by a stage wall (stávající zdivo) and a stage floor (podium) at a height of $+0,65\text{m}$. The stage is divided into sections by columns (sloupky TSZ) with a height of $0,65\text{m} = +0,65\text{m}$. The plan shows various dimensions for the stage area, including a total width of 10,500 and a total depth of 7,300. The stage is divided into sections by columns (sloupky TSZ) with a height of $0,65\text{m} = +0,65\text{m}$. The plan shows various dimensions for the stage area, including a total width of 10,500 and a total depth of 7,300.
