

A horizontal number line is shown, starting at 0 on the left and ending at 100 on the right. A tick mark is placed at the midpoint, labeled 'm'. The number line is divided into four equal segments by tick marks at 0, m, and 100. The segments between 0 and m, between m and 100, and between the first and second tick marks after m are shaded gray. The segment between the second and third tick marks after m is unshaded.
