

Additional information/ modification of tender conditions

Name of the small scale contract/: **Coating of L4 periscope mirrors_TP20_113**

Contracting Authority: Institute of Physics of the Czech Academy of Sciences,
public research institution

Registered office: Na Slovance 2, 182 21, Prague 8, Czech Republic

Registration number: ID 68378271

Person authorized to act on behalf
of the contracting authority: RNDr. Michael Prouza, Ph.D., director

(*hereinafter referred to as the "Contracting Authority"*)

Following the question/ proposal below raised by a supplier, the Contracting Authority modifies the tender conditions as explained below.

Questions:

"we propose to modify the contract to be consistent with our proposal and the structure of the project. In copy of this message you can find the Draft contract with the updates we propose and the [*name of the company deleted*] formal proposal related to this project. First of all we ask to delete the "Qualification of the substrates" milestone because we will not do any qualification of substrates in the frame of this project. And then we ask to change the term "manufacturing coating design drawings" by "Theoretical spectral performances".

In copy you will find the last proposal we have sent which detailed what will be the milestone of the contract

1) First milestone Kick Off Meeting

We will deliver the theoretical performances (and not the manufacturing design drawings) of the coatings

And I confirm that we propose to invoice 30 % of the contract to cover expenses with the coating tooling

2) Second Milestone : Delivery of the 6 coated substrates

Answers:

Following the questions/ proposals above, the Contracting Authority decided to modify the following Annexes of the Invitation to bid:

Annex 2 (Draft of the contract)

The new wording of the draft contract is attached to this document in:

- final clean version: the file "Contract_for_Works_L4 periscopes coating_210125_clean"
- a comparison version (against the original wording): "Contract_for_Works_L4 periscopes coating_210125".

Annex 3 (Technical specification)

The new wording of the Technical specification is attached to this document in:

EUROPEAN UNION
European Structural and Investing Funds
Operational Programme Research,
Development and Education

MINISTRY OF EDUCATION,
YOUTH AND SPORTS

- final clean version: the file "00280735-D - RSD Coating of L4 periscope mirrors TP20_113_RT210125 d1_clean"
- a comparison version (against the original wording): "00280735-D - RSD Coating of L4 periscope mirrors TP20_113_RT210125 d1".

The Contracting Authority decided to extend the deadline for submission of bids. Bids must be submitted on 8. 2. 2021 until 14:00 at the latest.

On 26th January, 2021
