

This architectural floor plan illustrates the ventilation system layout for a building. The plan is organized into a grid system with letters A through V and numbers 1 through 15. Key features include:

- Ventilation Ducts:** Numerous ducts are shown, labeled with their type (e.g., "prostup vzduškové", "prostup kanál"), dimensions (e.g., "dh=6,350", "dh=6,350"), and elevations (e.g., "nh=6,130", "nh=6,130").
- Air Handling Units:** Several units are indicated, such as "Instalační šachta 790/740" and "Instalační šachta 790/740".
- Room Layout:** The plan shows the layout of rooms, including a central staircase and various rooms with different floor levels.
- Annotations:** Detailed annotations provide technical specifications for the ductwork, including material, dimensions, and elevations.
