

Technical drawing of a road cross-section. The top part shows a plan view with a total width of 14.00m and a pavement width of 12.00m. The road is divided into segments with various widths (1.50m, 0.56m, 5.00m, 3.00m, 3.00m, 3.00m, 3.00m, 3.00m, 3.00m, 3.00m, 3.00m). The centerline is marked with a stationing of 536.03. The bottom part shows a cross-section view with a 0.5% longitudinal slope. The cross-section includes a 1% transverse slope for the pavement and a 1% transverse slope for the subgrade. The centerline elevation is 535.97. The subgrade elevations are 534.98, 534.97, and 535.01. The drawing also shows a 0.5% slope for the road surface and a 1% slope for the subgrade.

Technical drawing of a drainage plan for a roof terrace. The plan shows a rectangular area with a central drainage line and side drains. The central line has a 0.5% slope towards the center. Side drains have a 1% slope. The plan includes a cross-section line A-A and a section line B-B. The drawing is labeled with dimensions and elevations.

Dimensions and Elevation Data:

Section	Segment	Length (m)	Elevation (m)
Left Side (A-A)	1	3.00	535.08
	2	3.00	535.09
	3	3.00	535.10
	4	3.00	535.12
	5	3.00	535.11
Right Side (B-B)	1	3.00	535.10
	2	3.00	535.11
	3	3.00	535.12
	4	3.00	535.09

Additional Data:

- Central Line Slope: 0.5%
- Side Drain Slope: 1%
- Section Line A-A: 5.97
- Section Line B-B: 5.97
- Label: tréninková stěna

Technical drawing of a drainage plan for a roof terrace. The plan shows a rectangular area with a central drainage point at elevation 535.97. The roof has a 0.5% slope towards the center. The perimeter is defined by a 533.00 level line. The drawing includes dimensions for the roof sections (3.00m and 12.00m) and a cross-section line A-A. A blue line indicates the 'tréninková stěna' (training wall) on the right side.
