Bar chart showing the distribution of the number of non-zero elements in the matrix A for different values of n. The x-axis represents the number of non-zero elements, and the y-axis represents the percentage of matrices.

| Number of non-zero elements | Percentage of matrices |
|-----------------------------|------------------------|
| 0.004251                    | 3.5%                   |
| 0.008877                    | 3.0%                   |
| 0.018000                    | 3.0%                   |
